

The background of the entire page is a photograph of two black Angus cows standing in a snowy field. The cows are facing each other, with their heads close together. The snow is bright white, and the cows' fur is dark black. The overall scene is peaceful and natural.

langco@mcsnet.ca langcocattle.com

Welcome to the 2018 Langco/Kueber bull and female sale. Another year has flown by as the cattle industry continues to flourish and provide great optimism for the future. We are very proud of the coming 2 year old bulls on offer, they are culled hard and fed right. We do not "creep" calves, and push for big yearling weights, instead we grow and develop them slowly an extra 7 months. We believe this extends their productive years as a breeding bull for our customers. No bull has been overfed or over fitted, and no feet have been trimmed, allowing you the customer to appraise each bull accordingly. The females for the sale have been selected straight out of our replacement pen, all being "first cycle" born calves, which we feel is important in finding sound, fertile females, that will fit into any breeding program. Also this will be the exclusive opportunity in which to purchase Langco females, sired by our newest up and coming genetics. Once again we have an excellent set of crossbreed shorthorn plus heifers and new for this year we have a shorthorn plus bull calf on offer. We are fortunate to have great partners in Mike and Tyler Kueber for this sale which always makes it a great event! Please feel free to stop by the farm prior to the sale and check out any of the cattle or don't hesitate to give us a call on any of the offerings.

When I bought 3141Z (Legacy) I knew I was getting a real impressive proven calving ease bull. He has exceeded our expectations. We used him exclusively on heifers last year and didn't touch one. Calves are born full term, from 60-80 lbs, hairy and full of vigor. He is without a doubt the best calving ease bull we have used to date.

Welcome to our 5th Annual Bull Sale held at the Viking Auction Market. Once again, we are happy to team up with the Lang family to present a set of functional, useable cattle that are ready to work in their respective environments this spring.

Within our 2018 offering we feel we have a relatively uniform group of smooth made bulls that have a lot of shape and performance. Each of the bulls in the sale is out of a "flat-out-good" angus cow. The type of cow the Angus breed is known for. New for 2018, we pictured a large number of cows over the summer to give an idea of truly what kind of cows these bulls are out of.

Back this year is a small offering of Red Angus bulls. We feel these reds are some of the best we have offered and are really targeted at the producer seeking big time performance, and maternal ability.

The bulls selling have been managed on a high forage diet for a conservative gain with longevity and integrity in mind. In preparation for the sale, the bull pen was pictured mid December, and we would like to invite our customers to view the bulls continued development in their home environment prior to the sale.

As always, we offer complimentary wintering of the bulls until the beginning of April. The bulls sell with a 100% satisfaction and sight-unseen guarantee.

With much gratitude, we would like to thank our past customers, the sales staff, and fellow breeders for the continued support in this great industry. We look forward to enjoying pre and post sale hospitality with you on February 9th 2018.

A standout, smooth made Fortress son out of a beautiful uddered, big barreled Tiger daughter. 59E is phenotypically attractive, well balanced in his design and athletic on the move. A low BW EPD of +1.1 and an actual birth of 91 at 283 days suggest moderate birth weights from this Fortress X Tiger mating.

In spring 2017 we were fortunate to tour the great Youngdale herd on our South Sask tour. It's a good thing the cattle were well worth the drive, because we just about took a wheel off the rental getting there. Typical of the Youngdale program, this big-footed Zeke 2Z calf has lots of bone, is hairy, massive topped, and wide in his pin set. His dam 16B is direct from the renown Miller Wilson program and is a full sibling in blood to the supreme winner Blackcap Essence 7Y. A Maternal sibling to 64E topped our 2017 sale to Lyseng Land and Cattle.

55E is a rugged, deep sided, loose hided Tebow son. We flushed his tremendous dam in 2014 and fortunately retained 3 daughters from that flush. The Empire Queen cow is proving to be a big time herd bull producer. Maternal siblings to 55E are working for Mike Fawcett (2), Ryan Buehler, Nathan Allers, Marj Round and Charles Horn.

A nice fronted bull with a small head and smooth design. His Kodiak dam was our top selection from Glesbar Cattle at their dispersal. A bull that is very clean in his design but one that certainly doesn't just look fancy- on December 24th he pushed down the scale at 1154 lbs. A bull tailored for the producer seeking fancy, feminine, efficient replacements with substantial performance.

63E is a phenotypic standout, offering a lot of breed character, style, and balance. His flat shoulder, small head, and light BW make him one of the top calving ease options on offer. His donor dam, Jens Fay 135A traded through the Agribition Angus sale in 2015 for \$21,000 to a progressive group of Simmental breeders. We retained 2 flushmates to 63E in our replacement heifer pen to ensure the influence of the Legacy X Fay 135A genetic combination.

 RED LITTLE DE MS CONTI 940F

2017 EPD's	BW: 0.2	WW: 64	YW: 99	Milk: 10	TM: 42
Weights	BW: 95 lbs	WW: 1055 lbs	ADJ 205: 813 lbs	Dec 25 Wt: 1325 lbs	

An ET calf Sired by Genesis, a bull that caught our eye in Denver as a calf for his expressive muscle pattern, performance, and capacity- backed by the "no-miss" Abigrace cow family. His dam 36T, is a many time class winner and one of Arntzens top producing angus cows coming originally out of the great Red Round-up sale. Her most notable achievement is DTA Overflow 1W, a herdsire working at Vikse Family Farm. 52E is a big time performance

bull who weighed 1325 lbs on Christmas day. He has been a pen favorite for his balanced phenotype, length of spine, and muscle shape. 52E might fit the bill if you are looking for a big hipped bull with a stacked pedigree of performance and maternal greats.

A flushmate to Enzo 52E, 68E brings the maternal excellence of Eruption 36T and the Abigrace cow family. Low birthweight, flat shoulder, and a small head make 68E the stand-out heifer option in the red division. These are the first two Genesis bull calves to sell in Canada.

TERMS & CONDITIONS

TERMS: The terms of sale are cash or cheque. All cattle must be settled for at the conclusion of the auction. Cattle will not be released from the sale premises until payment is received in full, unless other arrangements have been made prior to the sale with the individual contributor. Every animal sells to the highest bidder, in the case of disputes, the auctioneer's decision will be final, and becomes the risk of the purchaser. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure times.

BUYERS REGISTRATION: Buyers please register for a buyer number at the office prior to purchasing.

BREEDING GUARANTEE: All bulls are guaranteed to be fertile & reproductively sound in accordance with the rules & regulations recommended by the breed associations. All bulls will be semen tested.

ANNOUNCEMENTS: Errors in this catalogue will be corrected by announcements from the block at sale time & such announcements will take precedent over any printed material. Any disputes will be settled by the auctioneer.

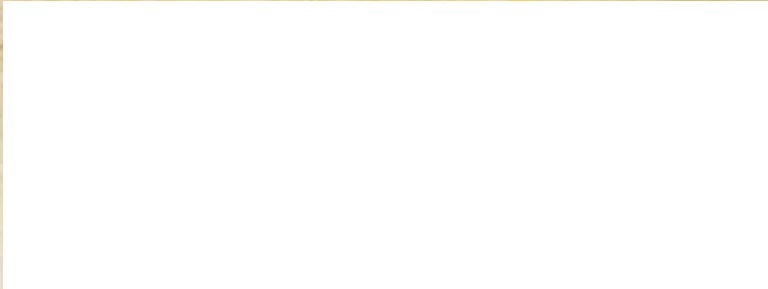

ACCIDENTS: Although every precaution will be taken, All Persons who attend the Sale do so at their own risk. The owners, management and the sales staff assume no liability, legal, or otherwise for any reason.

CERTIFICATE OF REGISTRATION: A certificate of registration duly transferred will be furnished to the buyer by the breeder for each registered animal after complete and full payment has been made.

INSURANCE: Bulls who go back the seller's farm must be insured by the buyer, insurance agents will be in attendance.
