Welcome to the 2020 Langco/Kueber Bull Sale! While 2019 left us with many challenges due to "Mother Nature", it also gave us more of an appreciation for the cow herd. Especially this fall as we struggled to harvest the crop, we were encouraged to find strong calf prices that held steady through the fall and look exciting as we head into next year. This year's bull offering is equally exciting as we continually try to improve the quality of bulls to our valued customers. We have a new sire group of "Delivery" sons that certainly do deliver performance in an attractive package. All of our long yearling bulls have been raised specifically for this sale and nothing has been picked over, rather they have been culled that much harder to provide "You" the customer, with a bull you can be proud of, not just on sale day, but for years to come. We welcome your visit to view the bulls any time before the sale. If not, we look forward to seeing you sale day!

When I bought 3141Z (Legacy) I knew I was getting a real impressive proven calving ease bull. He has exceeded our expectations. We used him exclusively on heifers last year and didn't touch one. Calves are born full term, from 60-80 lbs, hairy and full of vigor. He is without a doubt the best calving ease bull we have used to date.

Welcome to our 7th Annual Bull Sale held at the Viking Auction Market. Once again, we are happy to team up with the Lang family to present a set of functional, useable cattle that are ready to work in their respective environments this spring.

Within our 2020 offering we feel we have a relatively uniform group of smooth made, calving ease bulls that are structurally correct and do not sacrifice shape or performance. Each of the bulls in the sale is out of a "flat-out-good" angus cow. Throughout the footnotes you will see added information on each lot to help describe our program and inform your decision. We emphasize on cow families and have expanded our herd in recent years through the use of embryo transfer. In embryo transfer we can single out our top producing females and leverage their heritability and genetic potential to build around at a faster pace. In 2019 we implanted 48 embryos, and we look forward to

the resulting matings in 2020 and more importantly- beyond.

The bulls selling have been managed for a conservative gain with longevity and integrity in mind. In preparation for the sale, the bull pen was pictured mid December, and we would like to invite our customers to view the bulls continued development in their home environment prior to the sale.

As always, we offer complimentary wintering of the bulls until the beginning of April. Furthermore, every bull in the sale sells with a 100% satisfaction and sight-unseen guarantee.

With much gratitude, we would like to thank our past customers, the sales staff, and fellow producers for the continued support in this great industry. We look forward to enjoying pre and post sale hospitality with you on February 14th 2020.

4 feature full brothers by Real Estate and our Whiskeygirl 592A donor. These calves are very similar; thick ended, loose hided, hairy, long spined, wide pinned, athletic, good footed and robust in their design. The Real Estate x Whiskey Girl combination should reinforce calving ease and maternal values. 51G commands your attention with his capacity, balance, and eye appeal and overall completeness. 57G most replicates his sire, Real Estate at that age- while 53G and 55G are nearly identical both statistically and phenotypically. Here is an opportunity to acquire 4 flush brothers to infuse maternal prowess and calf crop consistency. We are retaining many flushmates in our replacement heifer pen and eagerly anticipate their production. Maternal siblings to HR Hahn Cattle Co, Lyseng Land and Cattle, Brad Leuders and Kevin Baird.

Our anchor bull in our Medicine Hat pen of bulls- Gunsmoke 59G was admired for his expressive muscle shape, square design, long shag, deep rib, huge barrel and unique phenotype. Typical of the Shotgun progeny he is proud fronted, thick ended, and ideal in his hip and hindleg structure. His dam was acquired from the great Miller Wilson program and is a full sibling to supreme champion Blackcap Essence 7Y. Gunsmoke is as complete of a bull as we have raised and if he breeds on anything like Shotgun Willie 54E he will stamp them. An absolute stand out red bull sired by the legendary female maker Rob Roy 122K and out of our cornerstone 421W female. Revenge 54F is abound in his muscle shape, massive in his rib cage, nice hearted, and wide bodied. This dark cherry red chunk came with just an 80 lb birthweight and weaned off his dam just under 850 lbs in the fall of 2018. Revenge is a maternal sibling to the Red Kueber Hot Wheels 22Z and is a replica of him terms of his mass and completeness.
