Barrett, Evelyn, Colin, Gracie, Donna & Steven Lang

Welcome to the 2023 Langco/Kueber bull sale. I hope 2022 was good for everyone involved with agriculture. With good calf prices along with good grain prices plus having something in the bin to sell! I consider this year's sale offering to be the best to date, featuring bulls from 3 new herd sires, Coleman John Wayne, Coleman Encore, and Peakdot Roughrider. Each bull has done an exceptional job here at Langco. We don't sell a lot of bulls but we feel the quality runs deep. These extra aged bulls are developed slower to be in this sale specifically as a 2 year old bull. No carryover yearlings and no feet trimmed. They are what they are, just good honest bulls, no "huff and puff". New for this year's sale: No Covid! So we look forward to seeing you in person on February 10th. If not, feel free to call me prior to the sale or stop by the farm to check out the bulls.

Please join us for lunch at 11:30 am

In the summer of 2019 we were touring the pasture at Coleman Angus and came across a calf that Gracie and I fell in love with. Later that winter, we had the opportunity to purchase him, and he continues to impress us. His calves are born easily, are up and sucking and show great instinct. His combination of calving ease, thickness and moderate frame has us eagerly looking forward to adding his maternal power to the cow herd. All of his sons in the sale are out of first calf heifers, which is impressive in it self!

TERMS & CONDITIONS

TERMS: The terms of sale are cash or cheque. All cattle must be settled for at the conclusion of the auction. Cattle will not be released from the sale premises until payment is received in full, unless other arrangements have been made prior to the sale with the individual contributor. Every animal sells to the highest bidder, in the case of disputes, the auctioneer's decision will be final, and becomes the risk of the purchaser. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure times.

BUYERS REGISTRATION: Buyers please register for a buyer number at the office prior to purchasing.

BREEDING GUARANTEE: All bulls are guaranteed to be fertile & reproductively sound in accordance with the rules & regulations recommended by the breed associations. All bulls will be semen tested.

ANNOUNCEMENTS: Errors in this catalogue will be corrected by announcements from the block at sale time & such announcements will take precedent over any printed material. Any disputes will be settled by the auctioneer.

ACCIDENTS: Although every precaution will be taken, All Persons who attend the Sale do so at their own risk. The owners, management and the sales staff assume no liability, legal, or otherwise for any reason.

CERTIFICATE OF REGISTRATION: A certificate of registration duly transferred will be furnished to the buyer by the breeder for each registered animal after complete and full payment has been made.

INSURANCE: Bulls who go back the seller's farm must be insured by the buyer, insurance agents will be in attendance.

Welcome to our 10th Annual Bull Sale held at the Viking Auction Market. Once again, we are happy to team up with the Lang family to present a set of functional, useable cattle that are ready to work in their respective environments this spring.

Within our 2023 offering we feel we have a uniform group of smooth made, calving ease bulls that are structurally correct and do not sacrifice shape or performance. Each of the bulls in the sale is out of a "flat-out-good" angus cow. Throughout the footnotes you will see added information on each lot to help describe our program and inform your breeding decisions. We emphasize on cow families and have expanded our herd in recent years through the use of embryo transfer. Genetic selection each spring is based on actual data, actual phenotype and genetics we have seen in production.

The bulls selling have been managed for a conservative gain with longevity and integrity in mind. In preparation for the sale, picturing of the bull pen was a bit rushed during the polar vortex mid December and we would like to invite our customers to view the bulls continued development in their home environment prior to the sale.

As always, we offer complimentary wintering of the bulls until the beginning of April. Furthermore, every bull in the sale sells with a 100% satisfaction and sight-unseen guarantee.

With much gratitude, we would like to thank our past customers, the sales staff, and fellow producers for the continued support in this great industry. We look forward to enjoying pre and post sale hospitality with you on February 10th 2023.

Weights	BW: 81 lbs	WW: NA lbs	Dec 29: 1161 lbs	

We flushed Rosebud 32Y to Bravo and Outside a number of years ago now and these remaining embryos are proof on how timeless and relevant this mating was. A full sib to 53K sold as the high seller in our 2022 female sale to Elliot Bros Angus and 53K could prove to parallel her on the bull side of things. 53K in his own right is a low birth, complete made calf that exhibits great depth of body, expression through his stifle and lower third combined with a wide, stout muzzle and typey skull shape. 53K is a well made bull that is strong heartened, smooth made, and stands square on all four corners. 53K is a balanced, complete option to put on replacement heifers or CE oriented cows.

Weights	BW: 75 lbs	WW: 999 lbs	Dec 29: 1168 lbs	

An exceptional, extremely complete son of SAV Sensation and our Lady Blossom 3R donor. 3R herself is responsible for several herdires used by seedstock producers; Tebow 10C, Willis 6C (Justin McMillan), Double Duty 12C (Clegg Angus), Manning 30C (HR Hahn Cattle), and Snapchat 64D (Double Q Angus). 62K emits herdsire potential with his great birth (75 lbs) to yearling spread combined with his athletic, balanced, masculine phenotype. Donor dam 3R was heralded for her perfect udder composition exhibiting 4 evenly placed teats with a well suspended udder lasting the entirety of her productive career. 62K is a proud headed individual with a nice crest, and exhibits great width of top, scrotal shape and muscle expression through his stifle into his loin. Here is a 'no holes' individual with great purebred breeder potential- destined to replicate both sexes.

S A V Sensation 5615

FULL BROTHERS

Direct sons of the Greenwood Gamenight bull who was acquired as a top seller out of their sale going to the renowned Lewis Farms herd. Here is a son of MICH Envious Blackbird- a mainstay in the Greenwood program responsible for many high sellers of both sexes. 57K an 60K respectively exhibit massive body dimension, wide pinset, great body depth, capacity, and hair, backed by the proven, potent donor- Envious Blackbird 25B. These two full brothers impress with their phenotypic merits in addition to their real performance WW and YW data. Here is an opportunity to acquire two full brothers that check the performance, phenotype and maternal boxes.

A very unique opportunity as one of the first (if not 'the' first) Cowboy Logic son to sell in Canada. Cowboy Logic was chosen by Select Sires to add to their stellar herdsire line-up a couple springs ago and we were fortunate to get a semen package. 51J is an exceptional calving ease prospect out of a picture perfect two year old Willis daughter. 15H in our eyes is the model angus cow- four evenly placed small* teats, moderate mature frame combined with explosive spring of rib and pin width. 51K himself is a long spined, nice headed, smooth shouldered bull with added hair and width of pins. Bid and buy with confidence as this would be a great curve-bening, high-spread option to use on a nice set of replacement heifers. This pedigree culminates the best on both sides of the border with Cowboy Up, Kodiak, and Dateline.

Red Combest Juggernaut 1613D

Red Double MM Bayberry 1Z

After purchasing 54K's full sister (022H) as a high selling calf out of the Keystone Connection Sale in 2020, we opted to add more Bayberry 1Z influence through an acquisition of a flushmate embryo package. 54K and 58K are results and they sure dont disappoint when you analyze how much, thickness, bone, and capacity they have for red angus. Both flushmates are phenotypically balanced sons of the Juggernaut herd sire selected and used by the reputable Terron Farms. 54K and 58K are capacious, athletic individuals noted for their rugged, loose hided make up and hard muscled, expressive hind quarters. Juggernaut reinforced by the Meg cow family and the Gold Show winner, Bayberry 1Z offer purebred and commercial breeders alike an opportunity to acquire proven, yet outcross genetics destined to propel the red angus breed forward.
