Welcome to the 2026 edition of the Langco Bull and Female Sale. This year mother nature really made her presence felt as we endured some pretty extreme drought in the summer, only to be followed up by a devastating hail storm on August 20, which did a lot of our combining for us. Fortunately the cows will pull us through these adversities and get us into next year, thanks to these all-time record cattle prices! This year's sale is the same as always, small in numbers but high in quality. Added for this year, we dug deep into the replacement pen for 3 of the top producing females that I feel can step up into any breeding program and contribute as future bull mamas. As always stop in anytime to view the offering and don't hesitate to phone if you have any questions.
