WELCOME!

Fellow Breeders and Enthusiasts.

It is with pleasure that Ev and I, along with our partners Steven and Donna, humbly offer to you our small group of Shorthorn females and some of their calves. It is with the tremendous help from our son Steven his wife Donna and their two children Gracie and Barrett that over about the past twenty-five years that we have developed this herd. We have enjoyed the journey. It has been most rewarding in not just the income we have had from them, but also all the fine people we have met and worked with. The Shorthorns have given us the opportunity to meet folks all across Canada, UK, Argentina, New Zealand, Australia, Africa and the USA. Ev and I have come to realize that at all the World Conferences that we have attended, you can find a lot of very good Shorthorn cattle carrying Canadian Genetics in many of the herds. So hats off to all the fine Canadian Breeders for doing such a good job of promoting our breed over many generations.

We have both enjoyed being a part of our Breed Association both provincial and national, particularly with Ev serving on the Alberta Shorthorn Association for several years as a Director and a term as President. It is these Breed Associations that create the glue to keep the breeds together. Without people participation a breed will soon die out.

It has been such a pleasure to have sold our cattle to a lot of very good people across the country particularly some of the younger folks just starting out. It is this mix of young and old that helps any breed progress for generations to come.

Steven and Donna are wishing to concentrate on their Black Angus, so it makes sense to pass on our small herd of Shorthorns to those who will carry them on. We wish Steven, Donna and their family every success in the future.

For Ev and myself it's been a rewarding journey.

Colin & Evelyn Lang
